Lite house Solar LED

Create a beautiful outdoor atmosphere with our most-loved Litehouse Solar Bulb String Lights! Solar-powered string lights don't need electricity or complicated wiring to light up your outdoor space.

Featuring long-lasting, high-quality LED bulbs, these solar bulb string lights will reliably light up countless evenings. Plus, they are designed to withstand volatile weather conditions, so you won't have to worry about a blackout in a storm (or load shedding).

Installing and customising our Litehouse Solar Bulb String Lights is equally effortless. Hang them along your garden, patio, decorate your favourite braai area, adorn your pergola or get creative by wrapping them around trees.

The soft glow emitted by these warm lights creates an ambience, brightening up cherished moments spent with loved ones.
